Interests

movies

Magic tricks

Martial arts

Summary

Motivated, with a strong work ethic and ability to organize and collaborate in a team, I offer my skills as a Front-End JavaScript React developer to bring a professional and quality work.

Skills

- Create **responsive** and modern websites with HTML, CSS and SASS.
- Create dynamic web applications with **JavaScript and React**.
- Communicate with the back-end of an application with an **API**.
- Use **JSDoc** to document the code.
- Choose a technical solution adapted to the customers and work in **Agile mode**.
- Implement unit and integration tests and debug the code.
- Refactor codes to be more optimized and modern.
- Solve technical problems with a programming language and algorithms.

Professional Experiences

• 3D Animator - Blue Spirit Canada - Montreal - 2019-2020

- Work with supervisor to create 3D character animations for the TV series Tom Sawyer and Zoom the White Dolphin.

• 3D animation teacher - Itecom Art Design and Com'Art - Paris - 2013-2019

- Teach the principles of animation, how body mechanics work, and familiarize students with mime and performance.

• 3D Animator - Bullit Studio - Montreuil - 2018

- Animate different actions for several animals (bison, snake, puma, bear, lynx, beaver, deer and eagle) and export to Unity for an augmented reality project.

Education and training

• Bachelor's Degree in Social Communication, option Publicity - 1997

Catholic University of Rio Grande do Sul - Porto Alegre - Brazil (4 years)

• React JavaScript Developer - 2021/2022
